

Dear Xetra participant,

welcome to the first issue of our new “Readiness update” email service for the Cash Market migration to T7, which we will publish frequently to help all Xetra participants and intermediaries to get ready for T7. The migration to the T7 architecture is coming ever closer and as part of our support offering to ensure adequate preparation and a successful launch, we would like to periodically send you updates.

Each E-mail will include information about new publications and services for the Cash Market migration as well as hints and tips for a successful migration. Recipients are Central Coordinators of the Xetra participants as well as Release contacts that are registered in the [Member Section](#).

Implementation timeline

- 1 March 2017: Session ordering and GUI key upload available in the Member Section
- 6 March 2017: Availability of T7 Release 5.0 via the T7 Cloud Simulation
- 18 April 2017: Availability of T7 Release 5.0 in the regular simulation environment
- 26 April 2017: All instruments activated, full trading functionality for market XETR
- 3 July 2017: Trading of ETFs and all CCP-eligible equities takes place on T7

New Publications

- [Video: ETI changes for Cash Market](#)
- [FAQ – T7 Cloud environment](#)
- [List of ISVs supported Interfaces](#)
- [Check-List that navigates customers through the migration](#)

Recommendations

- In case you would like to use the T7 Cloud Simulation for development of software, you can already [sign the contract](#) and setup the connectivity. This would allow you to start testing from 6 March onwards.

- Please align closely with your ISV regarding supported interfaces as well as delivery and implementation timelines of the software. We have published a [list of ISVs](#) and the interfaces they will support on our website, just in case you are seeking for solutions.
- Please align closely with your Clearer / Settlement Institution about testing requirements that you might want to perform together.

Please feel free to contact your Key Account Manager or send an email to customer.readiness@deutsche-boerse.com if you have any questions.

Kind regards
Your Customer Readiness Team
