

Dear Xetra participant,

The migration to the T7 trading system means, for each Xetra participant acting as a clearer or settlement institute a default CLGSPV-user will be created. The role "Cash Service Administrator" will be assigned to this default user. Since the CLGSPV-users will be newly created, we require all customers to provide us with the person responsible for that user. If you have not provided us with that contact yet, please provide the information [here](#).

Member and user migration to T7 simulation: Please note that the member and user migration to T7 simulation will be as per member and user status in the Xetra simulation environment as of Thursday, 23 March 2017, end-of-business-day. Further information can be found [here](#).

Please feel free to contact your Key Account Manager or send an email to customer.readiness@deutsche-boerse.com if you have any questions.

Kind regards

Your Customer Readiness Team
