

Dear FWB participant,

For the T7 Cloud Simulation we will offer trading participants and ISVs a 40 hour fee waiver for the T7 5.0 Cash Market which will be valid until 31 July 2017. The waiver will only extend to agreements involving use of the T7 Cash Market environment Frankfurt (FWB only). The waiver is not applicable to those clients with old agreements.

Furthermore, access to the Cloud Simulation via the N7 network (leased line) can be ordered now, in order to be ready to use it at the earliest possible time. In case you wish to connect via the N7 network, please contact your Technical Key Account Manager via your VIP number or [cts@deutsche-boerse.com](mailto:cts@deutsche-boerse.com).

**Please note:** Participants who would like to use the T7 Cloud Simulation (via internet or via the N7 network) and who are currently not subscribed to it, need to sign a T7 Cloud Simulation access agreement. Please contact your Group Client Key Account Manager or [customer.readiness@deutsche-boerse.com](mailto:customer.readiness@deutsche-boerse.com) in order to obtain access.

## Implementation timeline

### Documentation

February 2017 We have published several documents for the Enhanced Trading Interface (ETI), FIX Gateway, Market- and Reference Data Interfaces and files. The files are [available here](#).

The circular is [available here](#).

## New Publications

- Xetra Release 17/2017: Publication of documents, 28 February 2017
- Video: [VALUES API to T7](#)

## Recommendations

- In case you develop software, the T7 Cloud Simulation should be used for early testing so that your software is already prepared for the start of the release simulation in April.
- In case you are using OTC functionality and/or MiFID I transaction reporting on Xetra, please take care about a proper migration to Xetra Frankfurt II (XFRA). Please find the corresponding [circular 97/2016](#).
- If you have not yet registered a Release contact in the [Member Section](#), we kindly ask you to do so.
- We highly recommend to work through our [migration checklist](#) to make sure that you are ready for T7 5.0.

Please feel free to contact your Key Account Manager or send an email to [customer.readiness@deutsche-boerse.com](mailto:customer.readiness@deutsche-boerse.com) if you have any questions.

Kind regards  
Your Customer Readiness Team
